

COVER BY LIFEFORM TRANSECT

Unit Name _____ Pasture Name _____

Transect ID _____ Date _____ Observer _____

Litter includes everything but soil, moss and lichen, rock, or live plants.

You may record dot counts optionally for separate species (e.g., perennial vs. annual species, desirable vs. undesirable species, or noxious weeds vs. native forbs) if doing so will help meet objectives. "Other" categories below may be used for specific species or groupings of interest.

	Grasses	Forbs	Shrubs	Litter	Moss/ Lichen	Rock	Bare Ground
Perennial							
Annual							
Noxious
